

Geospatial Modeling & Visualization

A Method Store for Advanced Survey and Modeling Technologies

[GMV](#) [Geophysics](#) [GPS](#) [Modeling](#) [Digital Photogrammetry](#) [3D Scanning](#) [Equipment](#) [Data and Projects by Region](#)

Equipment Checkout

Please make requests for minor equipment (cameras, mapping-grade GPS) at least one week in advance, and requests for major equipment (scanners, geophysical instruments, survey-grade GPS) made at least two weeks in advance. Before requesting equipment, read and understand CAST's [Equipment Use Policy](#).

Equipment Request Form

*(denotes required field)

Name: *

E-Mail Address: *

Organization or
Department: *

Address: *

Address 2:

City: *

State: *

Zip: *

Phone Number: *

Project Description: *

Location of Use: *

Federal Funding? *
yes

no

Please request equipment from the items below:

Geophysics
Equipment: Bartington Grad601-2 
GSSI SIR-3000
Geonics EM38-MK2

Scanning Equipment:
Optech ILRIS-3D
Konica-Minolta Vivid 9i
Z+F IMAGER 5006i
Leica ScanStation C10
Breuckmann smartSCAN HE

GPS/Surveying
Equipment: Trimble 5600
Trimble 5700
Trimble 5800
GPS RTK
GPS Fast-Static/Static
Leica G15/C15

Remote Sensing
Equipment
Requested: Terra Hawk
Raytheon Palm IR camera

Field Computers:
Dell Precision M4500
Dell Latitude D630 ATG

Photography
Equipment: Canon 5D Mark II
Nikon D200
Nikon D70
